Schoology Parent Accounts

What is Schoology?

Schoology is the Learning Management System (LMS) for the Buffalo Public Schools. Teachers use Schoology to post classroom materials online; provide a safe forum for students to discuss their ideas and collaborate on projects; and to assign and collect assignments electronically. It helps students stay organized and keeps the class connected.

What are Schoology Parent Accounts?

A Schoology Parent Account gives you access to the classes your child(ren) are enrolled in, your child(ren)'s upcoming assignments, messaging features, and any feedback your child(ren) receives on digital assignments, tests, quizzes and projects.

*(To check official gradebook, please use Infinite Campus Parent Portal)

Having a Parent account in Schoology is like having two accounts:

- Your personal account, with your own name and information
- Your Child(ren)'s Activity where you can view Schoology from your child's perspective to see what your child sees and receive updates about his or her activity.
