4/3 – 4/7 Spring Break

### Reminders:

All visitors should now use the circle drive up entrance (including tardy students who arrive after 9:15). Arrival between 9:00 – 9:15 remains the same.

## Pre-K Students and Families!

For the month of March, we will be working on our Big Day Theme: Growing Up Healthy. We will focus on letters and sounds for Qq, Rr, Ss; identifying and matching initial sounds in a word. In Building Blocks Math, we will focus on patterns, core units of patterns, counting beyond 10, producing items, naming quickly an amount of items, recognizing shapes and their attributes, and ordering numbers.

This month we will be attending an in-person field trip to Explore and More on March 14<sup>th</sup>. We will also be inviting one parent representative for a Together Event on March 24<sup>th</sup>.

Please be sure to see ClassDojo for a sign-up genius for a link to sign up for Parent Teacher Conferences. PTC will be held the week of March 13<sup>th</sup> and kept to ten-minute time slots.

This month's anti-bias lesson is on occupations. We will be reading Ada Twist, Scientist by Andrea Beaty. This story promotes the theme of curiosity, gender stereotypes, and creative thinking.
