## Buffalo Public Schools Accountability Status by School - 2021-2022

CSI	8	13%
TSI	7	12%
Good Standing	44	75%
<b>Total</b>	<b>59</b>	

*\* No accountability determinations were made using 2019-20 or 2020-21 school year data. Accountability designations made based on 2018-19 school year data will be in effect until new designations are made based on 2021-22 school year data.*

*Schools that were new for 2019-20 or did not have 2018-19 school year data completed a self-review process to determine their standing.*

*Transfer High Schools serve a disproportionate number of students that transfer to the school from other locations and have alternate goals they must meet.*
