

WELDING PROGRAM OF STUDY

Program Description			Grade	Courses
Welding	CTE Pathway	Students explore metal forming & fabrication machinery, oxyacetylene, metallic pipe fit-up, semiautomatic inert gas (sig) welding, and tungsten inert (tig) welding. In a state-of-the-art facility, students learn, hands-on, to weld to meet industry standards. Students in this program will be prepared to pursue a career in high demand in the fields of welding, military support, and pipeline installation.	9	Career and Financial Management
			10	Welding 10
			11	Welding 11
			12	Welding 12

COLLEGE AND CAREER OPTIONS	
Career	New York State College Options
Welding	Alfred State College
Underwater Welding	Jamestown Community College
Pipeline Installation	Modern Welding School
Motor Sports	Apex Technical School
Military Support	Delhi State College
Ship Maintenance and Repair
