August 2021

Greetings Parents and Caregivers of the Buffalo Public Schools:

On behalf of our school, we are pleased to welcome your student back to what will prove to be a wonderful and safe school year! We know that you have endured so much. Rest assured, we will uphold our part of the Education Bargain and provide your student with the opportunity for a high-quality education and access to restorative supportive services.

As you may be aware, the Superintendent of Buffalo Public Schools (BPS), Dr. Kriner Cash, has created a re-open plan that shares a multi-layered approach to safety and protection for all of our staff and students. This plan implements recommendations made by the BPS Medical Team, the American Association of Pediatrics (AAP), the Center for Disease Controls (CDC), and the Erie County Department of Health (ECDOH).

Listed below is a concise summary of our high standards for a successful September and beyond. We will need, and expect, your strict adherence to effectively implement these protocols:

School Based COVID 19 Safety and Protection Protocols:

Masks	Mask are required for all persons inside of our school, regardless of vaccination status. No exceptions. If students do not have a mask, the school will provide the student with a mask. If students refuse to wear to mask, restorative disciplinary measures may be implemented according to the BPS Code of Conduct.
COVID-19 Testing	To ensure safety for all, parents will need to SIGN OFF TO CONSENT to ensure that their child(ren) can participate in randomized less invasive PCR testing at no charge. Testing of all non-vaccinated adults will happen weekly. 30% of vaccinated staff and all consented students will happen weekly. There will be a 24 hour mandatory turnaround for results.
Social Distancing	Schools will adhere to the CDC distancing requirement of a minimum of 3 ft. amongst persons.
When Your Child is ill	When your child is ill before the start of the school day, it is required that you keep your child home. If your child becomes ill during the school day, the student will report to the school's Isolation Room and you will be contacted to pick the child up, as quickly as possible.
Immunization Requirement	Please be informed that it is a New York State Requirement that all students participating in in-school learning have up to date immunizations on file in their schools.

If you have any questions please feel free to reach out to any member of the NPCS Team.

Best,

Carla Graves
