COVID-19 REMINDERS

May 2, 2022

Dear Parent/Caregiver:

The Buffalo Public School's Medical Advisory Team has been closely monitoring the rise in positive COVID-19 cases in the community.

While masks are not required, due to the rise in the COVID-19 positivity rates, we are strongly encouraging masks to be worn indoors to reduce the spread of the virus.

Additionally, please continue to monitor your child's health and check for symptoms; please keep your child home if sick.

Home test kits are a vital component to keeping our community safe and are available in the school. If your child tests positive for COVID-19, s/he may not report to school. New York State Department of Health states that isolation is required for 5 days. Should symptoms resolve, your child may return to school on day 6, but must wear a well-fitted mask until the 10th day after s/he tested positive. Positive cases must be reported to your child's school.

Should you have questions, please don't hesitate to contact the school. Thank you.

Sincerely,

Buffalo Public Schools
