Beginning Monday March 23, 2020, meals will be served on Monday, Wednesday, and Friday, effective 3/23/2020 to 4/9/2020. This begins providing more meals for families to cover the two days. The system is being evaluated daily for modifications to increase capacity to service community safety with limited exposure to others. Further information is provided at the following link on the Buffalo Public Schools' site. The information has been translated into multiple languages, and includes a map of all the sites as well.
