March 13, 2020

As the global Coronavirus pandemic continues to advance, the Buffalo Public Schools is committed to being proactive. With this in mind, schools will be closed on Monday, March 16 for students only while all staff will report. This will give our teachers and support staff more time to prepare quality, well-aligned learning materials for students should an extended closure be announced in the future.

It is essential that all students report back to school on Tuesday, March 17th in order to receive take-home learning materials and other supplies in the event of an extended closure. As we assess the ongoing situation and discuss recommendations with health officials and the state education department, we will keep you informed about possible future closure. It is recommended that, as parents and caregivers, you begin preparing for the possibility of an extended school closure. To support all of our families at this time, the Buffalo Public Schools will keep you informed regarding all matters pertaining to school closure and the continuity of your child’s education. Visit Buffaloschools.org for up to date information.

Thank you and good evening.

Respectfully,

Dr. Kriner Cash
Superintendent of Schools
