“Putting Children & Families First to Ensure High Academic Achievement for All”
SECURITY
- 28 Security Officers @ 28 sites
- 10 Off-duty Buffalo Police at more highly utilized schools

BUILDING ADMINISTRATION
- 28 Principals
- 1 Principal at each of 28 sites

CLEANING & SANITIZATION
All 28 Foodservice/Healthcare sites are cleaned and sanitized daily before and after operations. All BPS buildings are in a "summer clean" process which includes:
- Furniture Cleaning and Sanitization with Hospital Grade Disinfectants
- Floor Scrubbing and Sanitization with Hospital Grade Disinfectants
- Restroom Cleaning and Sanitization with Hospital Grade Disinfectants

Current Cleaning Workforce:
- 44 Regular Engineers and 12 Substitutes
- 250 Full Time Custodians and 200 Part Time Custodians

HEALTH & WELLNESS
- 56 Nurses provided
- 2 each at 28 sites

CONTINUITY OF INSTRUCTION
Thousands of our teachers continue to work diligently each day with Instructional Technology Coaches for e-teaching skills, which they use to communicate lessons and feedback to their students through prepared learning packets, Schoology and other online platforms. Teachers also communicate on Workplace by Facebook, where they share emerging best practice ideas and tips. BPS teachers and staff have become highly innovative in developing and sharing these best practices as we work together to care for the whole child--from food service, to academics, to the social-emotional welfare of our students. The District will begin implementing a comprehensive new grading system for student academic work for Q3 and Q4 beginning Monday, April 27th.

Schoology Usage From April 17 through April 23:
- Active Student Users: 15,840
- Active Student Sessions: 200,408
- Active Teacher Users: 2,647
- Active Teacher Sessions: 43,833

Teachers (Schoology)
- 10,672 assessments created
- 63,295 assignments created
- 20,936 discussions created

Students (Schoology)
- 47,798 tests/quizzes submitted
- 116,158 assignments submitted
- 257,356 discussions submitted

Special Education
- 504 Annual Review meetings (327 BPS, 39 Agency, 47 CPSE and 90 Charter/non-pub)
- Delivered assistive technology to 15 students

2945 online professional development courses were completed by teachers, teacher assistants, and teacher aides as of 4/17.

“Putting Children & Families First to Ensure High Academic Achievement for All”
TECHNOLOGY

Spectrum Programs
The Buffalo Public Schools is committed to providing internet access to all of our student households. In an effort to better assist BPS student households, Spectrum is offering two internet programs to qualifying K-12 student households. New subscribers can sign up for 60 days of free internet access with previous past due balances waived. Also, all BPS student households may qualify for a substantially discounted rate for internet access as part of the Spectrum Internet Assist Program. Dr. Cash has written a letter in support of these programs, affirming that all BPS students participate in the National School Lunch program which is a qualification requirement for Spectrum’s Internet Assistance Program. For more information, Dr. Cash’s letter, and the forms needed to apply, please visit this page.

Mobile Hot Spot Request
Parents who elect not to pursue or participate in the Spectrum programs may submit a request for a mobile hot spot by completing this survey.

The Buffalo Public Schools’ team developed an upgraded technology proposal for Continuity of Instruction. The proposal has been submitted via application for approval of expedited Emergency Smart Schools Bond funding. The request for technology needed to establish districtwide equity for our BPS Learning From Home initiative includes the following:

<table>
<thead>
<tr>
<th>Item</th>
<th>Quantity</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>PreK-2 iPads with Case</td>
<td>9,693</td>
<td>$3,683,340</td>
</tr>
<tr>
<td>Student 3-8 iPads with Keyboard</td>
<td>770</td>
<td>$346,500</td>
</tr>
<tr>
<td>Student 9-12 Laptops with Cords</td>
<td>2,000</td>
<td>$1,264,000</td>
</tr>
<tr>
<td>Mobile Hot Spots</td>
<td>28,443</td>
<td>$2,559,870</td>

<td>$9,126,830</td>
</tr>
</tbody>
</table>

- Distributed over 7,500 student laptops to grades 9-12 on March 17th; working weekly to fulfill requests made by parent/students who did not pick up on March 17th
- Distributed devices for grades 3-8 (14,251 devices in total) beginning on the week of April 14th
  - As of April 24th, nearly 76% have been picked up
- Preparing to distribute mobile hot spots to student households without internet access
  - 2,242 hot spots available
  - Survey active since April 4th to identify and accurately assess student household need for internet access

STUDENT TRACKING
The Buffalo Public Schools has built a student tracker survey for teachers to record the number of students they were able to contact and engage in academic activity with each week. By selecting the appropriate grade/subject for their roster of students, teachers input the quantity of students they contacted and for those students not contacted, teachers will select the name from a drop down list based on roster and identify the attempted contact method.
CHILDCARE

1) Of approximately 1900 individuals who have opened the child care assistance survey on the BPS homepage, approximately 140 indicated they are in an essential job per the Governor's Executive Order and needed assistance with child care that has been arranged. Approximately 1,300 slots are available to District parents.

2) All respondents have been contacted by our community partner, Child Care Resource Network (CCRN) and offered placement options. On average, a few more parent submissions and contacts are made each day.

3) Each day, survey results are provided to our partner, CCRN. CCRN indicates to us that there is sufficient availability in child care slots to address the District need.

Respectfully,

Kriner Cash
Superintendent
