### Our Program

Our program is federally funded through the Title VI, Native American Education Grant. The objectives of our program are to meet the cultural and academic needs of Native American students throughout the Buffalo Public Schools while increasing cultural awareness and identity, increasing academic success and increasing graduation.

### Our program provides:

- information related to the culture and lifestyle of Native Americans (Haudenosaunee);
- guidance and special community services to Native American students;
- tutorial assistance to Native American students;
- college and career readiness support and mentoring for Native American students;
- educational materials for Native American students that are experiencing economic need;
- programs and supports to increase parental involvement;
- resources and information on Native American history and culture for educators and
- culturally relevant substance abuse information based on traditional values and contemporary methods.

**Matilda "Tilly" Martin**  
Teacher Aide  
Schools: 19, 32, 69 & 93
