

Reopening Q&A

- Is the district still talking about bringing back 50 to 100 high-needs students per school by Feb. 1? [Yes](#).
- Who is considered high needs? How are those students being chosen, by the principals? [The high needs population of students selected to return for in-person are being identified by principals based on data, teacher recommendation, and parental preference.](#)
- Have those families already been contacted? [Yes. This process has been ongoing.](#)
- Any idea how many we are talking High Needs about districtwide? Would they still go five days a week?
- [These students are in the school plans on our website - 50 to 100 and inclusive of the previously mentioned populations that are coming back February 1. At this point they will attend 5 days.](#)
- Will all pre-k to grade 2 students will be invited back during first phase? [Yes](#).
- Will all seniors will be invited back by Feb. 1? [Yes](#).
- Why were those two groups chosen to return first?
- [Seniors based on the fact that they missed the end of their junior year last year and need to gear up for graduation and college this year.](#)
- [Pre-K to 2 based on research that shows the early years make a difference in several key areas of development, both academic and social/emotional.](#)
- Will those students be in a hybrid format? Do you know what that will look like yet? [Pre-K – 2 will be on a two day schedule to start. Group A Mon/Tues. Group B Thurs/Fri. Wednesdays asynchronous/remote.](#)
- When will those students and parents be contacted to determine if they do want to return? [Ongoing, and continual as students are phased in.](#)
- Next phases will be in one to two week intervals through mid-March, correct?
- [Depending on the science, testing, and what we learn from Phase 1.](#)
- Will those phases be done by grade level?
- [Likely to be done by grade with input from School Based Teams \(SBTs\).](#)
- Is the goal to reach every district parent in January to determine if they want their child to return or not? [Yes. Through SBTs.](#)
- What about testing? Has that process of obtaining tests and obtaining parental consent started yet? [This is underway through the direction and coordination of our Health Advisory Council \(HAC\) Members including our Medical Director Dr. Dennis Kuo Dr. and Dr. Tonja Williams.](#)
