### Grading Summary for the 2019-2020 School Year

Class	Task	Terms Q1	Terms Q2	Terms Q3	Terms Q4
Legend: Final Grade In-Progress Grade Future In-Progress Grade Grade Not Available Not					
Math Algebra 1/Pre-Calculus I	Exam				
	Progress Report 1	65%	65%		
	Progress Report 2	65%	65%		
	Quiz	65%	65%		
	Summative Grade	65%	65%		
Math Algebra 1/Pre-Calculus II	Exam				
	Progress Report 1		65%	65%	
	Progress Report 2		65%	65%	
	Quiz		65%	65%	
	Summative Grade		65%	65%	

- Quarter 3 will be extended until June 19.
- Students may continue to submit work until the final day of school (That is still to be determined.)
- Quarter 3 grades are frozen as of March 13.
- The third marking period will be counted twice, or as 50% of the overall course average.
- If that in-progress grade from Quarter 3 is 49% or below, it will be converted to 50%.
- All students who were passing as of March 13, will pass for the year.
- All assignments after March 13 will be treated as exempt; these assignment scores cannot lower the Quarter 3 in-progress grade, they can only improve a student's grade.
- Students who fail will be marked as incomplete.

For **failing students**, those who reach **mastery** on 75% of work assigned to them by their teacher (either via the packets sent home or via Schoology/other technical means) will receive a passing grade.

For **students who are passing**, completion of work at **mastery** level will increase their grade based on amount completed. A student who is passing with a 65 who completes 25% of assigned work at mastery will increase their grade to a 75. If they complete 50%, their grade moves to an 85, and so forth.

**Mastery** on an assignment is determined by your teacher's grading policies. Reach out to each instructor if you are unsure what mastery means for each class/assignment.
