Dear Buffalo Public Schools Family & Friends:

As we enter this holiday season, I give thanks for all of you and for the mutual riches we share – the children of the Buffalo Public Schools, whom we have the opportunity to serve.

As educators and parents, we give of ourselves to our young people because the success of children is the highest reward for which we are thankful.

I thank our teachers for the firm love and rigorous instruction they give to our students, our principals for the thoughtful leadership and high expectations they have for their schools, and staff--for their hard work and dedication to the Buffalo Public Schools.

Thank you to our Board of Education for their devotion to ensuring equity and high student achievement for all students.

I hope that you are able to devote time to your loved ones and those endeavors that please you most during this long weekend. Please join me in wishing for comfort, safety, and prosperity for everyone.

With many thanks,

Dr. Kriner Cash
Superintendent
