

January 2022

Dear Parent or Guardian:

The Buffalo City School District is conducting an ED School Climate (EDSCLS) student survey. It will ask students about their perceptions on topics such as student engagement, school environment, and school safety. This survey will be administered to students during the regular school day, between January 10, 2022, and May 6, 2022, to students in grades 5-12.

As a parent, we would also love to have your feedback as well. If you would like to participate you can go to this website, <https://www.surveymonkey.com/r/ZH362P5> or scan the QR code below.

This survey is voluntary. Your student's responses will not be shared with anyone and he/she does not have to participate in this survey. As a parent or guardian, you may ask that your child **not** participate in this survey. This is called *parent opt-out*.

If you **do not** wish to have your child participate in this survey, please return this form to your child's Main Office before the survey administration window. One form must be completed for each child, in grades 5-12, in the District. There are no consequences or penalties if your student does not participate.

Should you have any questions about this study or your child's rights as a participant please email BBarringer@buffaloschools.org or contact your school principal.

Thank you,

Office of Shared Accountability

ED School Climate Survey 'Opt-Out' Form

Please sign and return this form if you do **NOT** agree to have your student participate in the ED School Climate Survey. You only need to return this form to school if you do **NOT** give permission for your student to participate.
