

CALLING ALL RETIRED TEACHERS

KNOWLEDGE IS POWER

As you may have heard, we are heading into the 22-23 school year a little short on staff. That's why we need you! As a District retiree you have an abundance of experience and knowledge to offer.

Buffalo Public Schools are asking all retired educators to consider applying as a Substitute or Full-Time Teacher for the 22-23 school year.

Non-instructional positions are also available including food service, bus aides, clerical, and more.

EARNING LIMIT SUSPENDED

The state budget for fiscal year 22-23 included legislation that temporarily suspends the earnings limit for retirees employed by school districts and BOCES. Under this legislation, post-retirement earnings with a school district or BOCES will not count toward a retiree's annual earnings limit through June 30, 2023.
