

Dr. Kriner Cash – 2017-18 Evaluation Summative Comments

This has been an extremely busy and over all productive year for the District. Despite the many challenges, under Dr. Cash's leadership, the continued and expanded implementation of the New Education Bargain is providing a framework for bold strategies that have positively impacted student achievement, community and parental engagement and greater access, opportunity and quality for students and parents.

Always with the students at the center of the work, Superintendent Cash demonstrates the vision and leadership characteristics that are a driving force to move our District forward. Not one to rest on his laurels, the Board's expectation is that Dr. Cash will work with the Board and all other stakeholders to address the myriad challenges we've encountered and to build on the forward momentum to make Buffalo Public Schools a national proof point of excellence for urban public education.
