- **Critical Issues are those issues that may result in the complete disallowance or significant reduction of a claim and/or represent a violation of BOE policy or other governing regulations**
 - o **Critical – Duplicate (submittal of a previously processed claim):**
 - No occurrence.
 - TREND - Prior Month: 1, Current Month: 0.
 - **Recommendations / Actions / Notes:**
 - None.
 - o **Critical - Insufficient Supporting Documentation (claim package is missing required approvals and / or proof of delivery and / or other required documentation):**
 - Sixteen (16) invoices reviewed had insufficient or incorrect receiving records and/or were missing proof of delivery or other required supporting documentation. All issues resolved.
 - TREND - Prior Month: 7, Current Month: 16. Additional emphasis on verification of MUNIS receiving records supported by scanned bills of lading and/or packing lists.
 - **Recommendations / Actions / Notes:**
 - Failure to enter receiving documentation represents the single largest delay in processing of AP payments and a significant compliance issue.
