

# WELCOME TO KINDERGARTEN

We are very excited to begin this adventure with you. As we start the school year, we can assure you that it will be a great year. Your child will learn several new skills this year. You will be amazed at your child's growth in Reading, Writing/Language, Vocabulary, Listening/Speaking, Math, Science and Social Studies. More information will be sent home prior to the September start in regards to specific Kindergarten expectations.

One very important aspect of Kindergarten is **ATTENDANCE**. We cannot stress enough the importance of being in school, on time, each day. Routines are extremely important! We will learn how to follow rules, listen to others, share, learn self-control and problem solve. Please work with your child over the summer to be more independent - practice tying shoes, zipping, buttoning and snapping coats, washing hands and using the bathroom.

It is so important that you act as a partner in education with your child's teacher during this crucial time. There will be several ways to communicate with the teacher daily. We are looking forward to *healthy, happy, capable and eager to learn* kindergarteners!

Please do not hesitate to contact us should you have any questions or concerns via email or phone (716)816-4770. Thank You!
