Assistant Principal

April 6, 2020

Dr. Lydia T. Wright families,

During this traumatic time, we know that many of you are feeling deep concern for the health and safety of your family and friends. Therefore, we want to alleviate any additional stress that may be related to grade reporting. The district is working closely with the other large city school districts in the State to identify best practice and to try to adopt a uniform approach to grading during this unprecedented event.

Please note that Quarter 3 grades will not be finalized until we are able to provide fair, consistent, grading procedures for all students. In the meantime, teachers will continue to make every effort to connect with students, review student assignments - emphasizing student effort and completion - and provide students with timely and encouraging feedback.

We realize that this global pandemic experience is very difficult for you and your family. Please take care of yourselves and continue all precautionary wellness measures.

Sincerely,

Ms. Natasha M. Hendricks
Principal
