

# Using YouTube in Your Classroom

## BPS is Excited to Offer..

- Host your videos for more consistent access to video content using any device.
- Remove unwanted ads and inappropriate comments.
- Transform video content from a passive to active experience by embedding assessments.

**Interactive video is three times as effective as standard video!**

### Effortless Authorship

- Add existing videos from YouTube and Vimeo or upload your own video content.
- Enrich video content with a variety of powerful interactions ranging from multiple choice questions to graded fill-in-the blanks.

### Learner Engagement

- Interactive features mirror the traditional classroom experience
- Learners receive feedback

### Lesson Delivery Options

- Broadcast Mode- Students view the bulb as a group while responding to embedded interactions on their own devices.
- Learner Paced- Students view the bulb independently

### Schoolology Integration

- Assign bulbs through Schoolology
- Grades sync between PlayPosit and Schoolology
