What are we learning?

ELA- The first 2 weeks of instruction will focus on building norms and relationships. As the month continues to progress, students will review words with short /a/ and short /i/. Key reading and comprehension skills will include– main idea, summarizing, and understanding characters. Writing instruction will focus on labeling and captions. Emphasis be placed on proper letter formation and spacing.

Math- Again the first 2 weeks of instruction will focus on building relationships and expectations. As the month progresses, students will review the decomposition of numbers, counting on, and understanding word problems with addition.

Science- Students will study physical science through the investigation of sound and light.

Social Studies- Students will learn about family and diversity.
