

# Welcome to the EarQ Family Hearing Plan!

Healthcare costs can add up, and nothing is more important than keeping your family well and protected. By participating in the EarQ Family Hearing Plan, the Buffalo City Public Schools has chosen to make your family's hearing health a top priority.

## Why does this matter?

Hearing loss can negatively impact relationships, career success, and overall well-being, and surprisingly, it is also becoming more prevalent across all age groups. To ensure you and your family members are not one of the 38 million Americans living with untreated hearing loss, you need to get your hearing evaluated regularly—just like you would get your teeth cleaned or eyes tested!

## BENEFITS OF THE EARQ FAMILY HEARING PLAN INCLUDE:
