Welcome to Mrs. Cruz's Website!

I am Mrs. Cruz, your child's 4th grade teacher in room 220. It is my pleasure to be working with your son or daughter this year. We have a very busy year. Currently we have 22 students in our class. During the day we have, Ms. Collado, who comes to the room various times during the day to help our students who are struggling in reading and math. We also have, Mr. Insausti, who works with our second language learners.

This website will be a resource not only for the parents but for the students as well. Parents will be able to view homework, vocabulary words, spelling list, and projects assigned.
