

Buffalo Board of Education
Acceptable Use Policy for Information Technology
Student

The Buffalo Public School System provides computers and networks for the academic use of students. When using Buffalo Public School System computers, networks, equipment, and supplies, students are expected to:

Respect the privacy of others and the security of Buffalo Public Schools System.

- Only use your user ID and password – do not use another person’s user ID and password.
- Do not share your password with others.
- Do not try to learn other people’s passwords.
- Do not try to disrupt, interfere with, or destroy computers, networks, equipment, or information.
- Do not access, store, or transmit information that is hateful, harassing, insulting, offensive, false or defamatory, sexually explicit, obscene, or otherwise inappropriate.
- Do not interfere with the academic or work activities of others.

Respect the copyrights and licenses of software and information.

- Do not copy, download, install, or distribute software in violation of copyright laws or licensing agreements.
- Do not copy, share, or transmit information in violation of copyright laws.

Respect the integrity of our computers, networks, and equipment.

- Do not try to access computers or networks for which you do not have permission.
- Do not install software or peripherals on a Buffalo Public School System computer. Do not connect a computer, network, or device to a Buffalo Public School System network.
- Do not bypass any security system or feature put in place to protect, monitor, or restrict access to information (for example, do not use an Internet proxy server to avoid Buffalo Public School System web content filters).
- Do not create, download, install, or use software or equipment that can be used to “hack into” or damage a computer or network.
- Do not change, remove, or damage computers, networks, or equipment.
- Do not use software or hardware to keep Buffalo Public School System staff from accessing information.

Use information systems for authorized purposes only.

- Only use computers and networks for academic activities – not to play non-academic games or for prohibited or illegal activities.
- Do not access the Internet from Buffalo Public School System facilities using any network or computer not provided by the Buffalo Public School System.
- Do not waste computer processing time and storage, network capacity, or information technology supplies.

Protect information from loss, theft, disclosure, or unauthorized use.

- Do not access or share information for which you do not have permission, or help others to do so.
- Do not give information to others that could help them gain access to the computers or networks of the Buffalo Public School Systems.
- Take care of the computers and equipment assigned to you to prevent loss, theft, damage, or unauthorized use.
- Report any loss, theft, unauthorized disclosure, or unauthorized access to a teacher or administrator.

Note: The Buffalo Public School System monitors its computers and networks, in accordance with the Child Internet Protection Act (CIPA), and has put other safeguards in place to protect information as it is stored, transmitted and displayed. Students should have no expectation of privacy when using Buffalo Public School System computers and networks.

Buffalo Board of Education
Acceptable Use Policy for Information Technology
Student

Scope and Sanctions

This policy applies to all students of the Buffalo Public School System. A violation of Buffalo Public School System policy may lead to loss of computer privileges and/or discipline. Under certain circumstances, violations of Buffalo Public School System policy may give rise to civil and/or criminal liability. The Buffalo Public School System may also pursue legal action as deemed appropriate against individuals for unauthorized access, use, or destruction of information assets.

By virtue of the authority vested in the Superintendent of Schools under Board of Education Policy # 1420, I hereby enact the foregoing procedure governing acceptable internet use, and revoke all prior versions of the District procedure on that topic.

Dr. James A. Williams,

Superintendent of Schools

March 31, 2009
