Party Flyer 40/50: Picture is nice but your type is very basic. The party title should be centered or placed in a way that would be eye catching. Info at the bottom is just there, its not eye-catching.

Hair Flyer 40/50: Nice but the title could be bigger and the info at the bottom is too close together. Also keep in mind when creating that you can use 2-3 fonts on a project so don't just use one font for the whole design

CD Cover & CD Release: 30/50 Ok, Your release is ok. Your cover is very plain and honestly I thought I was just looking at a picture. The name and title are so small I really did not know what it was.
